

1 READY SERIES™: RANGE READY™

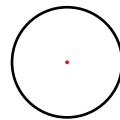

The Ready Series™ delivers exceptional out-of-the-box performance at an out-of-this-world price. The Range Ready™ is better prepared for your first or next trip to the range than you are, and features a cold hammer forged barrel, LVOA® rail, Top Hat™ muzzle brake, ELG fire control group, enhanced bolt carrier, and either the US Optics TS-8X rifle scope with Rapid Ballistic Reticle or the US Optics TSR-1X reflex sight. Available ambidextrous controls allow for full left-hand, right-hand, and advanced shooting tactics employment. Hard working Americans assemble, mount, and zero the Range Ready™ before it leaves our North Carolina factory, allowing you to purchase your rifle, load and insert a magazine, and accurately engage targets from 8 to 800m. **MSRP: starting at \$1499**

Features:

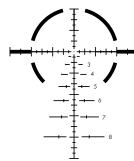

- Available in Ambidextrous and Non-Ambidextrous Configuration
- Iconic LVOA Rail Integration
- Unparalleled Reliability and Attention to Detail
- Forward-Compatible QD Muzzle Device
